# WINDSOFDISCOVERY

Welcome to the home of WindsOfDiscovery, a medical and social aid group that addresses the specific needs of women, children and infants in any country we are called to, including our own.

We have no political agenda. Our purpose is solely to provide gender specific care to women of the world, help their children and infants and provide other services as we are able to.

- **OUR HEARTS GO OUT TO THE PEOPLE OF JAPAN, IT WILL TAKE A LENGTHY TIME TO REBUILD AND GET BACK TO NORMAL. WE ARE GOING TO TRY AND HURRY THINGS UP A BIT SO WE MAY OFFER OUR ASISTANCE. IF WE CAN'T, WE URGE YOU TO GIVE TO A CHARITY THAT WILL HELP THE PEOPLE OF JAPAN. THANK YOU.**

**We are a small non-profit group consisting of care givers, college students and people who are willing to be in the field giving support services to women, infants, and small children globally. We need volunteers and donors! No efforts are too small - please consider our cause. Thank you.**

We offer free, safe, fire-walled, encrypted e-mail accounts for volunteers and donors. Please inquire at\_\_
